NAME OF THE REPORT: Anti-Ragging Awareness

DATE: 6/01/2026

CHIEF GUEST: Dr.K.Manasa

An "Anti-Ragging Awareness Program" was held by the Vaagdevi Institute of Pharmaceutical Sciences during the academic year. **Dr.K.Manasa** an assistant professor in the Pharmacy practice department, was the speaker. She addressed the adverse impact of ragging. In his lecture, she discussed about the various forms of harassment. Exploitation in educational environments and the negative consequences it has on students' lives. She emphasized how critical it is that students understand that harassment—verbal, physical, or gestural—is unacceptable in all contexts. She counselled youngsters to have the courage to get past every obstacle.

She advises beginners to confront whatever maltreatment they may encounter from senior students and to not worry about anything. She also talked about the harsh penalties the college will impose on seniors who mistreat other students. She gave advice to new students on how to maintain positive relationships with educators and senior students. Finally, in order to make their college experience memorable and pleasurable the students received guidance from **Dr.K.Manasa** an Assistant Professor in the Pharmacy Department, on how to maintain a positive environment and treat one another with respect. She also encourages the teachers to ensure that moral and academic advancement are the institution's top priorities at all times.

Dr. T. Prathyusha Rani, the coordinator of the committee's anti-ragging initiatives, explained how anti-ragging banners, placards, and other materials were put up to increase student awareness. She said it was an honour to report that our institute has never had any recorded instances of ragging. The meeting was attended by 195 students from the Pharm.D and B.Pharmacy I and II Years, and she concluded it with a vote of thanks.
